*A Strong Reputation Built  
On A Solid Structure*

Betrise-Capitals is a leading global private markets investment firm with a long history of innovation and success. Our approach is characterized by consistency and continuity while also adapting to meet client needs. Over the years, we have continually identified opportunities to provide early access to the evolving investments landscape besides the fact that we ensure a consistent return on your investments with us, there are many more advantages to investing in Betrise-Capitals.

We believe that efficient operations, delivered within an environment of control and transparency, are a critical part of the investment process. That is why we have invested significant resources into these core functions – accounting, cash management, financial reporting, legal and regulatory compliance, portfolio analysis, and tax. Managing these activities in-house allows us to remain close to the details so we can properly safeguard our clients' asset and ease the administrative burden of their private equity investments.

## *Our Trading Formula*

We came up with the most reliable formulas for money management and financial market entries, we totally understand that clients want steady profits with a minimum of risk.

Our softwares constantly scan market instrument information from markets all over the world.

This enters our server's databases to ensure a steady process.

The company has invested a lot in researching and developing these tools. And today it's all available for our investors.

We want to give the opportunity to investors to benefit from our tech-trading experiences.

In the easiest way and with the tightest risk possible.

## *Our Key Markets*

Our focus lies on low risk, steady less volatile markets, through these we guarantee substantial market returns excluding our other market ventures. All data is fed live to the system.

The background of the slide features a composite image. In the upper right, a hand is shown dropping a coin into a stack of several coins. A small green plant with two leaves is growing out of the top of the stack. The entire scene is set against a light, geometric pattern. The text 'THE POWER OF COMPOUNDING' is written in red, bold, uppercase letters on the left side of the image.

**THE POWER OF  
COMPOUNDING**

# SECRET OF MAKING MONEY!

## WHY INVESTORS CHOOSE US

BETRISE-CAPITALS mission is to expand on our journey as an enterprise grade, profitable, ESG friendly, legally compliant, AU Bitcoin mining company with a powerful energy advantage while securing the Bitcoin blockchain.

The main directions of the company's development will be always focused on social and financial security of customers. We use all reasonable efforts in order that the level of our products and services has always remained the highest.

High security, easy to use platform, and a high percentage of daily profit, guaranteed.

How it works is that all deposited funds are pooled within one investment fund, with each investor receiving a share of the fund that has value directly proportional to the amount invested. We conduct all investment activities, regardless, you will stay in charge of your funds at all times.

The profits made that are collected by Us after distributing the accruals are directed towards financing day-to-day operations and building a reserve fund to serve as a guarantee for a future of stable accruals for our customers.
